# Filming of Edmonton Picture Is Now Proceeding Rapidly

One of Big Scenes Will Be Taken in Macdonald Hotel on Saturday Evening

With the Edmonton-made movie rapidly rounding into shape under Director E. "Happy" Moxley and Producer E. P. L. Laffey, and with cameramen busy filming the scenes which are the pride of the film, the picture is now proceeding rapidly.

On Wednesday several outdoor "shots" were made, although weather conditions necessitated an early halt owing to the falling of the light. For the scene in the Macdonald a special look-out for the big lights will be necessary, and the big hall room of the hotel will become one of the million dollar interiors which are the feature of the picture.

# DOROTHY DIX

Dear Miss Dix—I have only been married two months. I love my husband very much and he loves me, too, and is good and kind to me, but does not seem to appreciate the little things I do around home for him.

I don't think a woman can love her husband too much. I think that a woman should love her husband as much as she can.

For instance, there are some women who like to be "bathed." They are being patted and caressed, while their husbands are busy with their work.

The only recipe that any one can give you for getting along with your husband is to study him. Find out the things that annoy him, and avoid doing them.

Don't make the mistake that so many women do of putting a morbid value upon what they do about the house, and expecting their husbands to throw fits of gratitude over it.

When you do your very best to keep your house clean and neat, and give your husband a good dinner, have done so, no more than what he has a right to expect of you.

Don't put too much stress on the little things of matrimony if you want to make a success of your marriage.

## AT THE CAPTIVE

The last half of this week the Capitol Theatre is in the present one of its biggest attractions. The feature film attraction is "The Life of Riley" with George Sidney and Charlie Murray. This is one of the greatest comedies ever made. It is a story of a man who is the chief of police and Charlie is the fire chief and when you see them meet you will laugh until you cry. You will have a good comedy evening when you see the already popular "The Life of Riley".

## AT THE EMPIRE

Clayde H. Germaine of the Great West Picture, at the Empire is "White Collars" for three more days.
